

WORKSHOP

TRAINING FOR AND WITH BIG SCIENCE ORGANIZATIONS

ESTABLISHING A BIG SCIENCE MASTERCLASS PROGRAM

Leading Big Science Organizations (BSOs) like CERN, ESA, and ITER demand innovative governance and tailored training to manage their vast resources and complex challenges. This workshop connects experts, highlights sought-after skills for students, and fosters networking through panels and roundtables, addressing governance, industry collaboration, and career pathways in dynamic scientific environments.

UNIVERSITY OF GRANADA & ONLINE, THURSDAY, NOVEMBER 13, 2025

Workshop Agenda

Opening session, 3:00 pm

Welcome address

Blanca Biel, University of Granada

Keynote

Knowledge and skills for BSOs: emerging needs and opportunities

Leonardo Biagioni, F4E – Fusion for energy

Horizontal issues in BS training, 4:00 pm

BSOs and Value Creation: an Economic and Managerial Perspective

Silvia Bruzzi, University of Genova

BSOs and their legal framework

Paolo Acunzo, ENEA

Science diplomacy and BSOs

Simone Arnaldi, University of Trieste

BSOs and SMEs

Belén del Cerro, CDTI

Training needs and career opportunities, 5:30 pm

Panel moderator

Blanca Biel, University of Granada

Panelists

Pablo Canca, University of Granada

José Luis Dessy, Industry Office - Al Granada

Alba Fernández-Barral, CTAO

Nani García, IFMIF-DONES

Theodota Lagouri, CERN

Alessandro Lampasi, DTT

Closing session, 7:00 pm

Closing address

Paolo Acunzo, ENEA

Simone Arnaldi, University of Trieste

Blanca Biel, University of Granada
